WHAT IS NEXUS?

NCER Early Nationals

Utilising the strength of all LAs loading in data, NCER systems provide early, reliable national and regional data, months ahead of national publications.

Powerful Data Matching

Primary and secondary assessment data is matched to census data including absence and exclusions and CLA or CIN census data, creating powerful, unique analysis.

Nexus

NCER ANALYSIS FOR SCHOOL IMPROVEMENT

Supports statutory data requirements
EYFS to KS5 reporting and analysis
Centralised school intelligence
Interact with schools

NCER Insight Analysis

High quality infographics and data commentary, with NCER National data, streamlines reporting for senior management reporting and Inspections.

Nexus

VULNERABLE CHILDREN ANALYSIS

Looked After Children and
Children in Need reporting
Cohort contextual analysis
and infographics
Cross border
matching of data

Perspective *— Lite —*

NCER ANALYSIS FOR SCHOOLS

Connects to NCER Nexus
LA reports and news
Real time dashboards
and trends

NCER Live Reports

Comprehensive, interactive reporting with flexible multi-filter aggregation for tailored vulnerable group analysis, all with comparative NCER national and regional data.

NCER Early Nationals

Utilising the strength of all LAs loading data, Nexus provides the earliest available, reliable and robust national and regional group comparator data, months ahead of national publications.

NCER Live Reports and Analysis

Comprehensive interactive reporting, with flexible multi-filter aggregation for vulnerable group analysis all with NCER National comparator data.

Current CLA Cohort

Real-time analysis of CLA cohort at any time of the year allows LAs to include pupils who have become in care or in need since the last statutory census and exclude those who have left.

Powerful Data Matching

CLA and CIN data matched to EYFS to KS4 assessment and school census data, including absence and exclusions, creating powerful analysis.

NCER Insight

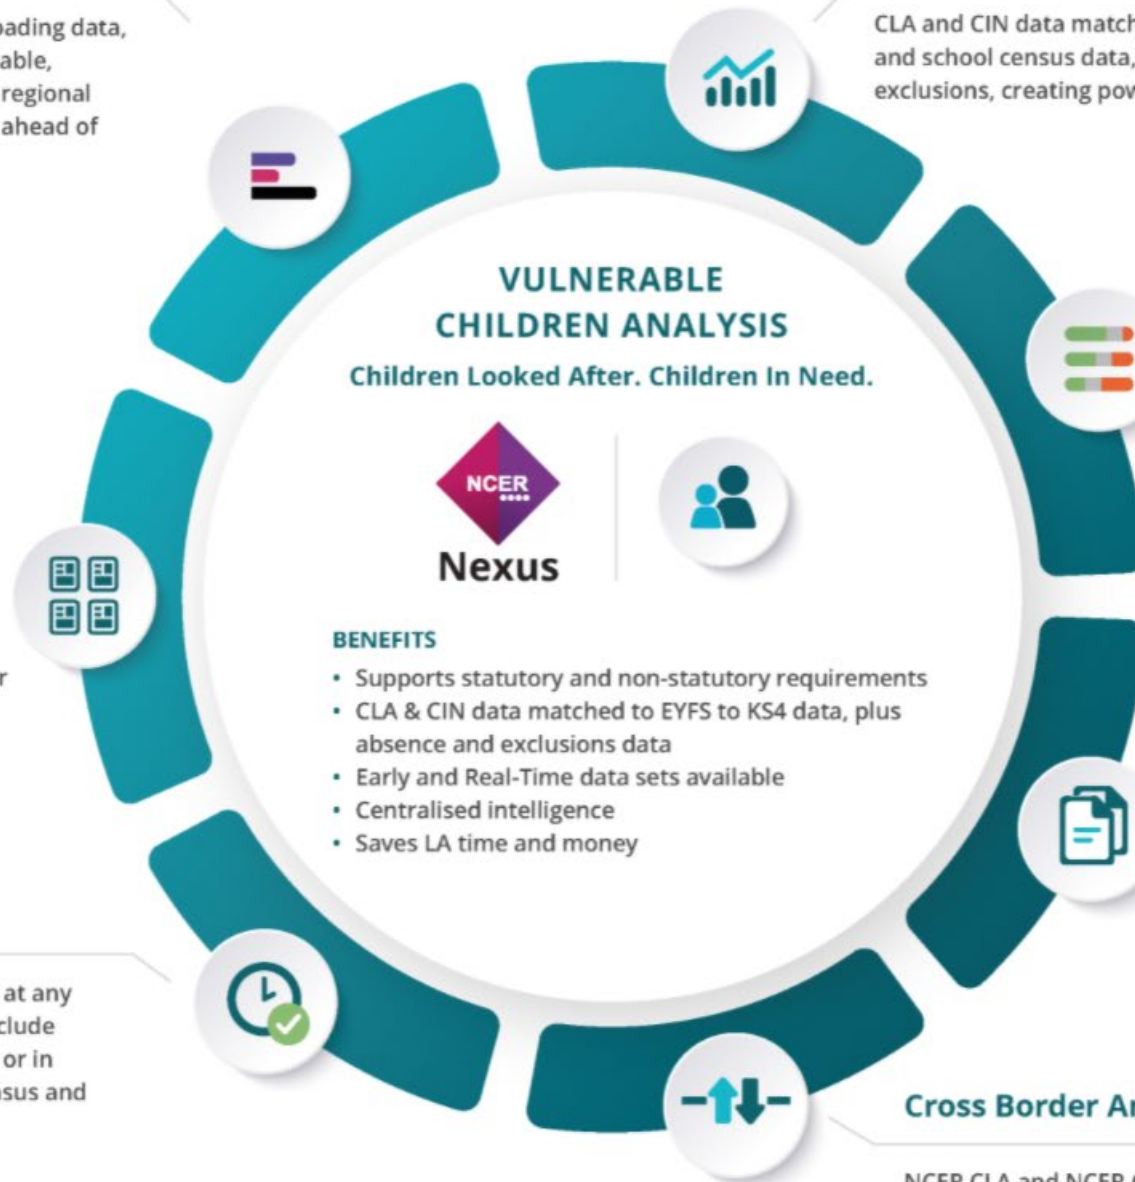

High quality infographics and data commentary for use in Council Plans, SEFs or Ofsted Inspections.

CLA & CIN Cohort Reports

Drill down to interrogate your CLA or CIN cohort, viewing unique data combinations, answering questions like, how many SEN or disadvantaged pupils are in each year group?

Cross Border Analysis

NCER CLA and NCER CIN Analysis includes education data for pupils who are looked after by your LA, or a child in need in your LA, but educated in another LA.

NCER Strategic Steering Group

The NCER Strategic Steering Group (SSG) provide external senior input from within the sector to guide the development of NCER data systems.

Current NCER SSG members include:

- **Gail Tolley**, LGA representative and former Director of Children's Services, Brent Council
- **Matthew Cooke**, Virtual School Head, Suffolk County Council and former NAVSH Chair
- **Julie Jenkins**, Director of Children's Services, Calderdale Council
- **Christine McInnes**, Director of Education and SEN, Kent County Council

NCER Expert Reference Group

The NCER Expert Reference Group (ERG) is made up of local authority representatives who work alongside our software partners, [Angel Solutions](#). The NCER ERG act on behalf of all local authorities in England.

NCER ERG group members are involved in shaping future development priorities, testing NCER systems, compiling resources for member authorities, raising the profile of NCER amongst key stakeholders and raising member queries.

To view the latest list of NCER Expert Reference group local authority officers, please click [here](#)

Early NCER Emerging Analysis

Timelines for 2024/25 CLA & CIN Analysis

Autumn Term
2024/25

LA's import their Autumn (2024/25) School Census files once they have been approved by the DfE (Files from Collect into Nexus). This will populate pupil characteristics, absence and exclusions (2024/25).

Spring Term
2024/25

LA's import their Spring (2024/25) School Census files once they have been approved by the DfE (Files from Collect into Nexus). This will populate pupil characteristics, absence and exclusions (2024/25).

LA's import their Pupil Premium files. This will populate disadvantaged pupil characteristics for CLA and CIN analysis.

Summer Term
2024/25

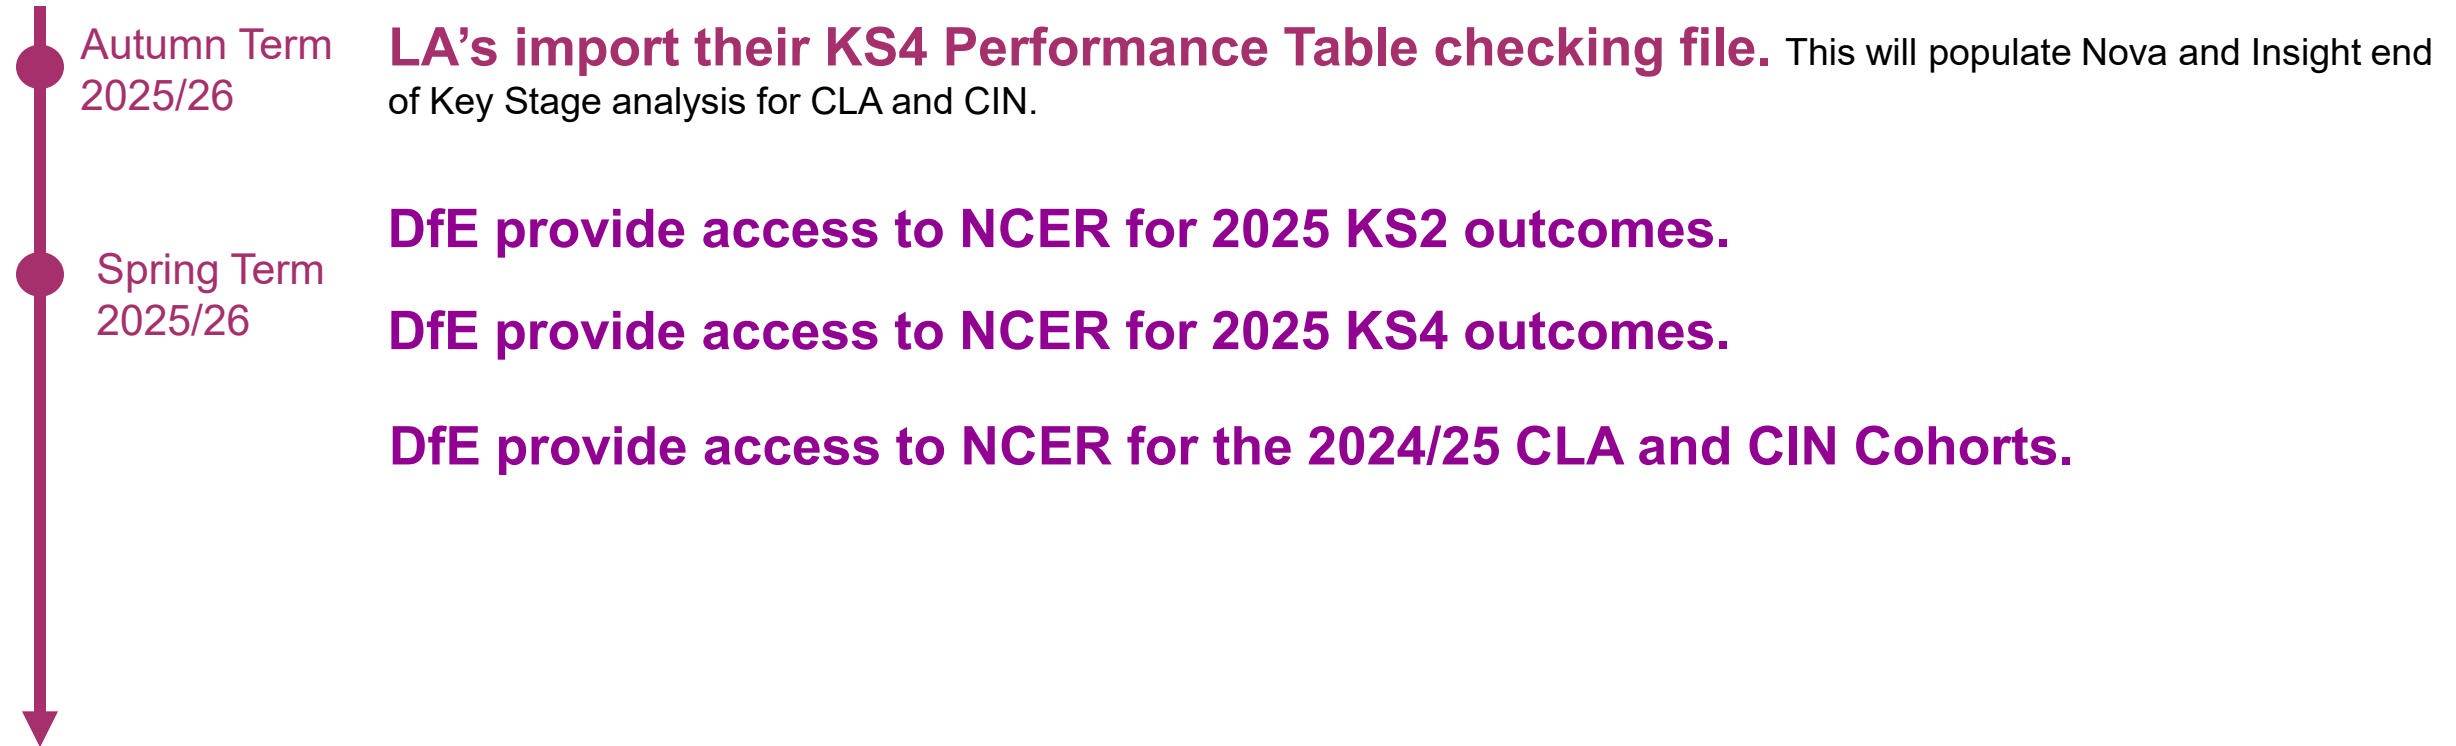

LA's import their SSDA903 CLA Census and CIN Census files (2024/25) into Nexus. This will populate CLA and CIN cohorts within Nexus.

LA's import their Summer (2024/25) School Census files once they have been approved by the DfE (Files from Collect into Nexus). This will populate pupil characteristics, absence and exclusions (2024/25).

LA's import their Primary Phase end of Key Stage data. This will populate Nova and Insight end of Key Stage analysis for CLA and CIN.

LA's import their KS4 results day data. This will populate Nova and Insight end of Key Stage analysis for CLA.

Timelines for 2024/25 & 2025/26 CLA & CIN Cohort Analysis

Different Datasets and the Benefits – KS4 Example

	KS4 Results Day	KS4 Performance Tables Checking File	KS4 National Pupil Database (NPD)
Availability	1st August	2nd September	3rd Nov-Jan
Results Source	Collection by LA from educating schools for individual pupils	LA upload of Performance Table Checking File	DfE provide file for NCER Upload
Results Coverage	All KS4 pupils and results you choose to collect	LA Maintained Schools	All KS4 Performance Table Eligible Outcomes
CLA Cohort Options	LA Uploaded SSDA903 CLA Census or LA Current CLA Cohort Upload	LA Uploaded SSDA903 CLA Census	LA Uploaded SSDA903 CLA Census or DfE NPD CLA SSDA903 Cohort
CLA Cohort Inclusion	All CLA Pupils as at 31 st March 2024 or your end of Year CLA Pupils	All CLA Pupils as at 31 st March 2024	All CLA Pupils as at 31 st March 2024

2024 KEY STAGE 4 RESULTS DAY COLLECTION

Virtual School Import - KS4 Centre Assessed Grades

One pupil per spreadsheet

Unique Learner Number (ULN) is the only mandatory field

This must be the ULN not UPN

Please Enter your school details below

Pupil Name	Steven Kearns
Unique Learner Number (ULN)	1547895632
Exam Centre Number	569874

For qualifications that are part of performance tables, you will be able to select
Click the button below once you have filled in the results sheet.

Files will be exported to the same folder as you have saved this excel spreadsheet

Click To Export

[Virtual School CLA KS4 EXAM RESULTS CSV IMPORT](#)

Virtual School Import - KS4 Centre Assessed Grades

Result Year (mandatory)

The result year indicates the year the qualification was completed in, the year should be in the format 2021.

Subject / Discount (mandatory)

You will need to pick a subject before you pick a qualification, choosing a subject of English Language will limit the qualification list to English Language qualifications.

Qualification Name (mandatory)

Ensure you choose the correct exam board and level for the qualification the pupil has achieved (limited for selection based on the subject as described above)

Result (mandatory)

The list of possible results will be limited by the qualification you have chosen

Please use these columns to enter performance table qualifications				
Result_Series	Result_Year	Subject / Discount	Qualification_Name	Result
6G	2021	Economics	OCR Level 1/Level 2 GCSE (9-6)

CURRENT CLA COHORT

Current CLA Cohort

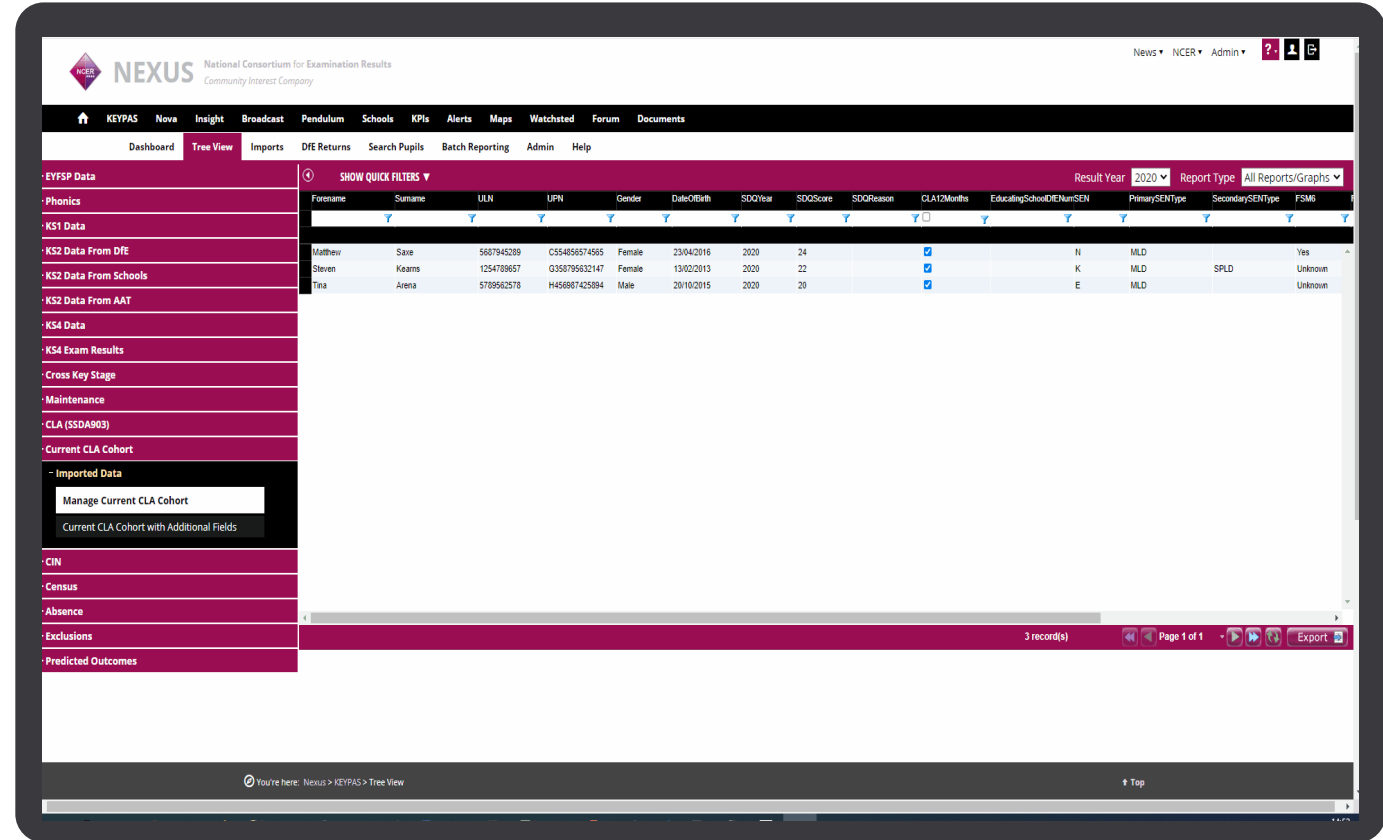

Current CLA Cohort

1) Update your current CLA cohort - this can update all year groups in your CLA analysis including additional pupils that have become CLA after the 31st March SSDA903 reference date.

So, it's now possible to update end of Key Stage cohorts.

2) Update results cohort by importing outcomes – Please note KS4 pupils must have a ULN to match results data.

The screenshot shows the NEXUS web application interface. The left sidebar contains a menu with options like 'EYFSP Data', 'Phonics', 'KS1 Data', 'KS2 Data From DfE', 'KS2 Data From Schools', 'KS2 Data From AAT', 'KS4 Data', 'KS4 Exam Results', 'Cross Key Stage', 'Maintenance', 'CLA (SSDA903)', 'Current CLA Cohort', 'Imported Data', 'Manage Current CLA Cohort', 'Current CLA Cohort with Additional Fields', 'CIN', 'Census', 'Absence', 'Exclusions', and 'Predicted Outcomes'. The main area displays a table of pupils with columns for Forename, Surname, ULN, UPRN, Gender, DateOfBirth, SDOYear, SDOScore, SDOReason, CLA12Months, EducatingSchoolDfENumSEN, PrimarySENType, SecondarySENType, and FSM. The table shows three records for pupils named Matthew, Steven, and Tina. The bottom of the screen shows a footer with the text 'You're here: NEXUS > KEYPAS > Tree View' and a 'Top' link.

Forename	Surname	ULN	UPRN	Gender	DateOfBirth	SDOYear	SDOScore	SDOReason	CLA12Months	EducatingSchoolDfENumSEN	PrimarySENType	SecondarySENType	FSM

Daily Attendance Project – Phase 1

- ◆ All Pupils and CLA
- ◆ CLA Attendance will Match In and Out of LA
- ◆ Simple Import to Update Your CLA Cohort
- ◆ Simple Import of DfE Attendance LA file
- ◆ Ongoing Discussions with DfE over All LA File
- ◆ Targeting an early September Release ready for 2025/26
- ◆ Further Phases of Attendance Project to Expand Functionality

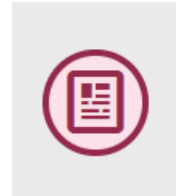

No KS2- KS4 Progress

Same approach as KS1 - KS2 for 2024

Ofsted – Phase 2

- 1) **Review of existing functionality** - There are a substantial number of areas within Nexus that rely on a single grade judgement. NCER will review which of these areas can be updated with report card information and which ones need to be removed.
- 2) **Ofsted Report Card Analysis** – Nexus has a long history of including Ofsted outcomes. New analysis will be developed of the report card outcomes.

 **NO OVERALL GRADE**
